

Hosted in conjunction with DHS/FEMA National Training Program, Texas A&M Engineering Extension Service (TEEX), Texas A&M University System and the National Emergency Response and Rescue Training Center (NERRTC)

You are invited to Attend

MGT-343 Disaster Management for Water and Wastewater Utilities

October 3 & 4, 2017

MWRA's Chelsea Facility

October 10 & 11, 2017

Carroll Water Treatment Plant

8:00am-5:00pm

Disaster Management for Water and Wastewater Utilities: This course presents information regarding preparing for, responding to, and recovering from natural or man-made incidents affecting water and/or wastewater facilities. The course introduces the various hazards to which water and wastewater systems may be vulnerable and the potential effects hazards may induce. Participants are guided through portions of the Environmental Protection Agency's (EPA) Response Protocol Toolbox (RPTB) to identify steps in the response and recovery processes. Case studies on disasters and hypothetical water and wastewater incidents are examined. Participants also practice developing a response and recovery plan for a water or wastewater incident.

Topics:

- Threats to Water and Wastewater Facilities and Systems
- Disaster Planning and Management
- Disaster Mitigation
- Disaster Response
- Disaster Recovery

Participant Audience:

- Water and Wastewater Utility Personnel • Operators • Field Personnel • Lab Personnel • Directors • Department Heads • Supervisors • Superintendents • Customer Service • Inspectors • Engineers • State & Local Regulatory Personnel
- Environmental & Local Regulatory Personnel including:
 - Tribal Councils • Utility Board Members
 - City & County Elected Officials • City Managers
 - Senior Emergency Response Personnel

FEMA Student ID Requirement

Prior to course delivery, all participants are required to establish a [FEMA Student Identification Number \(SID\)](#). This can be accomplished by registering at FEMA's [website](#). Participants will be asked to provide their SID when they arrive and complete the registration process for the course.

Recommended

Participants are also encouraged to have completed IS-100PWb, IS-200, IS-700 and IS-800. These courses can be found online at: <http://training.fema.gov/IS/NIMS.aspx>

*Those who have completed the recommended prerequisites will be considered first.

Manager/Supervisor approval required. Managers/supervisors can reserve seats by contacting **Carolyn Forsyth** at 617-788-4011 or by email at carolyn.forsyth@MWRA.com
